National Flood Insurance Program

The Benefits of Flood Insurance Versus Disaster Assistance

The Benefits of Flood Insurance Versus Disaster Assistance

Flood Insurance

- You are in control. Flood insurance claims are paid even if a disaster is not declared by the President.
- Approximately 25 percent of all claims paid by the NFIP are outside of Special Flood Hazard Areas.
- There is no payback requirement.
- Flood insurance policies are continuous, and are not non-renewed or cancelled for repeat losses.
- Flood insurance reimburses you for all covered losses up to \$250,000 for homeowners and \$500,000 for businesses.
- The average cost of a \$100,000 flood policy is about \$500 annually. The cost of a \$50,000 flood policy may be less than \$200 annually, depending on where you live.

Disaster Assistance

- Most forms of federal disaster assistance require a Presidential declaration.
- Federal disaster assistance declarations are awarded in less than 50% of flooding incidents.
- The most typical form of disaster assistance is a loan that must be repaid with interest.
- The duration of a Small Business

 Administration (SBA) disaster home loan is approximately 30 years.
- The average Individuals and Households Program award is about \$4,000.
- Repayment on a \$50,000 SBA disaster home loan is \$240 a month or \$2,880 annually at 4% interest.
